RE: Early Actions

Gentlemen,

We have received notice of the Early Actions Committee's September meeting and the application deadline of September 3 for that meeting. We also understand that the September meeting will focus on early actions specifically identified in the Delta Reform Act.

This letter is to inform you of our intent to file an application for consideration by the Early Actions Committee at their October or November meeting. Hopefully this will assist you in budgeting the committee's time.

As you can appreciate, completing the application for a project of this size and complexity will take some time. We expect that it will be complete within the next few weeks. In the mean time, please call if you have any questions or direction about our proposed application.

Sincerely,

A handwritten signature in black ink, appearing to read "Anson B. Moran". The signature is fluid and cursive, with a large initial "A" and "B".
